

DECLARATION OF PERFORMANCE

Type of Product	Reference	Brand:	Model Name	Description
Speaker	15940220	EnormPA	CS506 EN	5" 3/6W IP21 Ceiling Speaker

Intended use:

To turn electrical audio signals into acoustical sound waves for public and emergency announcements, evacuation announcements and background music purposes in buildings as a ceiling speaker.

Essential characteristics:

Rated Power: 6W (100V)
Speaker System: Full Range
Transformer Power Levels: 3 – 6W
Measurement Environment: Free-Field
Impedance: 3330 Ω (3W) - 1665 Ω (6W)
Sensitivity: 78,0 dB
Frequency Response: 82,0 dB
100V Application: Yes
SPL 1W/1M Peak: 92,4 dB
SPL 1W/4M Peak: 80,4 dB
SPL Rated Noise Power/4M: 88,1 dB UL94
Color: White
Weight: 620 gr
Measurements: 173mm (outer diameter) x 143mm (inner diameter) x 100 mm (depth)
Main Material: ABS Plastic & Steel EN60695*An 1,2
ABS Plastic Enclosure: IEC 60695-11-10
Enclosure: IP21 Type A
